State Environmental Quality Review Act (SEQRA) Basics

This introduction to the State Environmental Quality Review Act includes an overview of the environmental assessment form (EAF), Type I, Type II, and Unlisted actions and the procedure leading up to making a positive or negative declaration on a project's potential to have an adverse impact on the environment. The relationship between the administration of local regulations and SEQR will also be discussed.

SEQR: New EAFs

The New York State Department of Environmental Conservation released the new Environmental Assessment Forms (EAFs) for State Environmental Quality Review on October 7, 2013. This course is a brief introduction to the new forms, in which the online workbook for the EAFs will be demonstrated and the soon-to-be-released mapping software described. Some instruction will be provided for completing the forms, as well as on the threshold of project that deems the short form more appropriate than the full EAF. There will also be a brief discussion of some changes to the SEQR regulations (6 NYCRR Part 617) that are being considered for the near future.

***Registration Deadline: Monday, November 25, 2013**

***Workshop is Free**
