Regarding: Saratoga County Airport

Subject: Notification of Pending UNICOM Frequency Change

Dear Gentlemen,

This is to notify you that we intend upon changing the UNICOM frequency at Saratoga County Airport from the current frequency of 122.8 MHz to 123.075 MHz. We are planning to officially make this change on March 31, 2014. We have been issued a Radio Station Authorization by the Federal Communications Commission for the new frequency. We are in the process of notifying the appropriate FAA agencies. Please advise your tenants/users of this pending change. We will continue to keep you advised. If you have any questions, please contact us.

Sincerely,

A handwritten signature in black ink, appearing to read "T. Speziale".

Thomas A. Speziale  
Deputy Commissioner of Public Works
