Mr. Ciulla requested approval of an Aid to Defense grant from the Division of Criminal Justice Services in the amount of \$21,164. The funds will support enhanced defense services designed to expedite the processing of violent and serious felony cases through the courts. Support is furnished to ensure thorough case processing and effective defense representation.

A motion was made by Mr. Jenkins, seconded by Mrs. Wormuth to approve a resolution to accept a \$21,164 Aid to Defense Grant in the Public Defender's Office to be used toward costs of defending serious felony cases. Unanimous.

Mr. Lent distributed a copy of the monthly report from the Office of Emergency Services and highlighted the following:

In August of 2007 the county accepted a FEMA Hazard Mitigation Grant in the amount of \$225.000 for the development of a countywide natural hazard mitigation plan. This plan will encompass all municipalities in the county that have not already developed such a plan. The plan will deal with items such as buildings constructed in flood zones, ice storms, wind storms, debris management, etc. The funding will allow the county to hire a consultant to assist in the development of the plan and eventually the acceptance by FEMA. Acceptance of the plan by FEMA will potentially open the opportunity to seeking funding to undertake activities to mitigate the possible adverse effects of natural disasters.

Emergency Services issued an RFP with two responses. The lowest response was from Tetra Tec of Rockaway, New Jersey at a cost of \$160,000.

Mr. Lent requested a resolution to accept the bid of \$160,000 from Tetra Tec and authorize a contract.

A motion was made by Mrs. Wormuth, seconded by Mr. Grattidge to approve an agreement with Tetra Tec Consultants to develop a Hazardous Mitigation Plan for Saratoga County at a cost not to exceed \$160,000. Unanimous.

Mr. Lent said in February a contract was awarded to CIS Shelter Technologies of Londonderry, NH for providing communication shelters. Two shelters were initially ordered and Emergency Services in now in need of two more shelters for sites in Halfmoon and Mt. McGregor. The total cost for each shelter including shipping and installation is \$179,000.

A motion was made by Mr. Grattidge, seconded by Mr. Jenkins to purchase two communication shelters; one for the Town of Halfmoon, and one for Mt. McGregor, at a total cost not to exceed \$179,000. Unanimous.

Mr. Lent said bid specifications have been issued for site construction and tower erection at sites in Milton and Providence. The bids are due by May 22<sup>nd</sup>. There was a mandatory pre

bid meeting for any contractor who wanted to bid, with six contractors in attendance. It is anticipated that a recommendation for an award of the bid will be made in June, with the site ready for radio equipment by August 1<sup>st</sup>. All vendors report they are on schedule for timely delivery of equipment.

Radio consultant, Blue Win Services, is finalizing the Request for Information (RFI) and sending it to radio vendors who are on New York State Contract. It is anticipated that the RFI will be issued within a week. The intent of the RFI is to further clarify the county requirements and to understand the vendor's methodology for meeting county requirements and to determine further discounts and/or leasing options that will be available to the county.

Mr. Tremblay distributed the monthly Fire Services Report and reported the following:

Firefighter Assist and Search Team course was held at the Rock City Falls Fire Station with 14 completing the course. The Firefighter 1 course, which will be completed in July, was held in Greenfield with 20 firefighters attending.

Incidents for the month include: a Structure fire in the Village of Jonesville, town of Halfmoon and Clifton Park; and a brush fire in the Town of Corinth.

On a motion made by Mr. Jenkins, seconded by Mrs. Wormuth the meeting was adjourned.
