**RE: February 3, 2021 Trails and Open Space Committee Meeting**

With regards of the upcoming February 3, 2021 Trails and Open Space Committee meeting, I have attached the following items for your review: Proposed 2021 Saratoga County Farmland Protection and Open Space Grant Program Application, Proposed 2021 Saratoga County Trails Grant Program Application, Saratoga County Open Space Grant Project Status Chart, and the Saratoga County Trails Grant Project Status Chart.

The 2021 Saratoga County Farmland Protection and Open Space Grant program has been allotted \$100,000 of available funding by the Saratoga County Board of Supervisors. The 2021 Saratoga County Trails Grant Program was provided \$75,000 in the 2021 Budget.

The Land Preservation Committee, due to the difficulties brought about by the Covid-19 pandemic, resolved not to proceed with the 2020 County grant funding program for farmland and open space protection, therefore, no applications were sent out to the County's municipalities. Remaining funds in this account will be transferred to the open space reserve account.

To date, the Saratoga County Farmland and Open Space Program has protected 4813 acres comprising 2968 acres of farmland and 1845 acres of open space. The total county funding to date has totaled \$5,060,226 which has leveraged \$26,771,948 in total estimated project cost.

Since August 2020, the last time the Land Preservation Committee met, the County closed on the 2015 Town of Malta/Saratoga PLAN's Malta Ridge Orchards farmland preservation project of 131.17 acres. The farmland and open space projects are complex real estate transactions and sometimes require multiple funding sources. Therefore, these projects sometimes take multiple years to complete.

The 2021 Saratoga County Trail Grant program has been allotted \$75,000 of available funding by the Saratoga County Board of Supervisors. Last year's trail grant funding (2020) attracted eleven trail projects throughout the County.

The Saratoga County Trail Grant Status Report spreadsheet – This chart includes all of the trail projects from 2015 to 2020 with municipality, project name, and county grant award, total project cost, description of the project and the status of the project.

Since July 2020, the last time the Trails Committee met, the County has closed on four trail grant projects that include the 2018 Town of Charlton, 2018 Town of Edinburg, 2018 City of Mechanicville and 2019 Town of Malta grant awards. Currently, there are two additional grant award projects, 2015 City of Saratoga Springs and 2019 Town of Charlton, asking for reimbursement of their grant award with proof of matching funds submitted that is currently pending the County's audit. Numerous contracts have been received back on the 2020 grant awards and those projects are moving towards completion.

Saratoga County Planning Department will continue to update the project's status for both of the Farmland and Open Space Protection and Trail grant programs.

Please do not hesitate to contact the Saratoga County Planning Department if you have any questions. We look forward to meeting with you on February 3, 2021.

## Saratoga County Farmland Protection and Open Space Grant Program

2021

---

**Background:** The Saratoga County Farmland Protection and Open Space Preservation grant program was established in 2003 by the County Board of Supervisors to aid farmers in meeting the required local match to the New York State Farmland Protection Implementation Grant Program (FPIG) which enables to purchase of development rights (PDR) on eligible farmland. The program has been expanded to provide funding for lands containing natural areas, wildlife habitats, parks and other important open spaces.

In 2021, the Saratoga County Board of Supervisors allocated \$100,000 to the Farmland Protection and Open Space Grant Program to provide matching funds for the FPIG program and to acquire open space lands whose preservation is deemed to be of significant public benefit. The County Board of Supervisors and the Trails and Open Space Committee encourage all municipalities within Saratoga County to consider applying for project funding.

Please contact the County Planning Staff with any questions or for assistance with an application at: 518-884-4705.

**Eligibility:** All Saratoga County municipalities, not-for-profit land trusts, conservation groups and Saratoga County landowners are eligible to apply for this program. All applications must provide a resolution of support by the municipality in which the project is located; or a letter of intent signed by the chief elected official on the municipality's letterhead.

Open space acquisition projects are eligible for up to \$50,000 or 50% of the project's total cost, whichever is less. Inter-municipal applications for open space preservation that include projects that cross municipal boundaries may apply for funding up to \$100,000. Inter-municipal projects must provide a resolution or letter of support from all municipalities involved.

Eligible open space projects may include lands that offer a unique recreation opportunity for a community such as a park, nature trail, bikeway or a project that provides access to a waterway or waterbody. The Saratoga County Green Infrastructure Plan provides a comprehensive overview of unique open space resources eligible for County funding and which may receive a high project ranking during the application review process.

Farmland protection projects are eligible for grants of up to \$100,000 or 50% of total project costs, whichever is less.

Lands identified in local comprehensive plans or in an open space inventory, The New York State Open Space Plan or Municipal Farmland Protection Plan are also eligible.

Grants for farmland protection and open space acquisition are contingent on the applicant's demonstration of the commitment of matching funds from Federal, State, and/or local funding programs and private contributions. Private contributions may be in the form of a "bargain sale" or donation.

**Eligible Costs:** Grant funds can be used by the applicant towards transaction costs associated with the purchase of development rights or the acquisition of open space including title insurance, appraisal, survey, environmental or ecological assessments, and any recording, closing or legal fees incurred.

If the proposed project consists of the complete donation of an easement, the applicant may request up to \$10,000 or 5% of the total project cost, whichever is less, for transaction costs associated with the donated easement.

Stewardship fees or costs associated with stewardship for the project are not eligible for funding under this program.

County payments shall be made directly to Saratoga County Municipalities which will, in turn, convey the County funds to the applicant entity.

**Eligible Local Share:** The following expenses may be used as the required local match to grant monies received:

- Local funds expended within 12 months of the submission of the application
- Stewardship fees related to the proposed project
- Local funds utilized for the purchase of development rights or a fee interest in additional parcels of land if the applicant has demonstrated a clear linkage between the parcel and the proposed project
