Saratoga County
A Brief History
By Lauren Roberts, County Historian

Saratoga County was formed from lands previously belonging to Albany County on February 7, 1791. These lands included most of the Kayaderosseras Patent granted by Queen Anne to 13 of her “loving subjects” in 1708. Saratoga County occupies an important geographical position; bounded on the north and east by the Hudson River and the south by the Mohawk River, the confluence of these two great waterways have made the County a prime destination in times of both war and peace. The northwestern portion of the county is a mountainous area located within the Adirondack Park, while many important rivers and streams such as the Sacandaga and Kayaderosseras dominate the fertile valley areas. The diverse geography of this County has made it appealing to many different people who have chosen to call Saratoga County home.

The Mohawks of the Iroquois Confederacy used this area as hunting and fishing grounds before the Europeans settled here. Many waterways and well-worn Native American trails were used during the French and Indian War (1755-1763) and during the American Revolution. In the Fall of 1777 British troops led by General John Burgoyne were headed south along the Hudson River when they encountered a large number of Americans entrenched at Bemis Heights. After two battles, the Americans were victorious and General Burgoyne surrendered to the Americans, led by General Horatio Gates on October 17, 1777. The Battle of Saratoga became famously known as the turning point of the American Revolution.

Saratoga County sits on a geological fault line from which mineral springs push forth to the surface. These mineral waters were thought to have healing powers by the Native Americans and eventually became a much sought-after resource for European settlers here as well. Ballston Spa became a well-known destination for visitors hoping that the medicinal effects of the mineral springs would heal their diverse ailments. Hotels and railroads were built to accommodate the multitudes of summer visitors. Eventually, Saratoga Springs would trump Ballston Spa as the “Queen of the Spas” and enjoyed much prosperity through the Victorian Era. Summer visitors came to Saratoga Springs to “see and be seen” by others. Along with the various drink halls, fountains, and bathhouses, Saratoga Lake and the Saratoga Race Track became other popular destinations for those visiting the area during summer months.

Saratoga County is filled with various museums, historic sites and parks that preserve the rich history of this area. Both visitors and residents alike enjoy the diverse environmental and historic attractions Saratoga County has to offer.

Focus On Saratoga County Town of Moreau

The Town of Moreau was established as a municipality in 1805. It was named in honor of French General Jean Victor Moreau, a renowned military commander. Originally, the town was part of the neighboring Town of Northumberland. Located on the Hudson River in northeastern Saratoga County, the Town of Moreau is 15 miles from the Saratoga Race Track, Racino, and Saratoga Performing Arts Center. Moreau is also 10 miles from beautiful Lake George and the Adirondack Park. The Village of South Glens Falls and the hamlets of Fenimore, Reynolds Corners, Fernwood, and Fortsville reside in the town.

Various American Indian peoples occupied the town prior to European arrival. The border between the Algonquian and the Haudenosaunee Peoples fell on what is now Moreau. In the 1750s, the area saw an influx of European settlement. One of the oldest structures in Moreau, the Parks-Bentley Place, was the residence of the town's original settlers. The Parks-Bentley Place is now the home of the Moreau Historical Society and Museum. The town is also the site of the Royal Blockhouse, a British fortification that was part of the Fort Edward/Rogers Island military complex during the French and Indian War. Moreau is also home to Grant Cottage, the summerhouse of President Ulysses S. Grant. He died there on July 23, 1885.

There are ample recreational activities available in Moreau. Moreau Lake State Park covers over 4,000 acres of pristine forestland. It was rated by Reserve America as one of the Top 100 Campgrounds in the nation. The Harry J. Betar, Jr. Recreational Park highlights the town. The park provides acres of athletic fields, pavilion facilities, and trails for hiking and cross-country skiing. The town also offers several riparian activities on the Hudson River including boat launches, beaches, and picnic areas. Many community services in the town are offered through the Moreau Community Center, the South Glens Falls Central School District, the South Glens Falls Fire Company, and the Moreau Emergency Squad.
