SARATOGA COUNTY: ASHDOWN ROAD BRIDGE TO REOPEN TODAY *BRIDGE EXPECTED TO BE OPEN FOR EVENING COMMUTE*

SARATOGA COUNTY, NY –Saratoga County officials today announced the Ashdown Road Bridge will reopen to traffic Tuesday, October 19, 2021 and is expected to be open to traffic in time for the evening drivetime commute.

Clifton Park Supervisor, Phil Barrett, who serves as Chairman of the County’s Public Works committee said, “The Ashdown Road Bridge will soon be open for regular vehicular use, bringing area residents and motorists piece of mind the bridge is safe. I thank the Saratoga County Public Works Department and our partners for their work while navigating a difficult supply chain situation that had an impact throughout the country.”

Construction began in late spring and was expected to be completed in September of this year. Unfortunately, this important initiative has experienced the same challenges as public and private projects across the country. Delays in procurement of materials, labor shortages along with general supply chain issues have delayed the initial timeline for the project. Additionally, federal regulations regarding construction near railways have posed additional challenges related to scheduling of work.
