Several Supervisors

I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

Tom Wood

Let us pray. Our Heavenly Father, as we meet again to conduct the business of Saratoga County, we ask for your direction and guidance. May we always be mindful of the many blessings that you have bestowed upon us, and we praise you for the fullness of life that you have made possible. As we conduct the business of Saratoga County may we always act with respect, kindness, and dignity. Let us always focus on what we have and use our resources in the best possible way.

During this month let us remember the two great American presidents whose birthdays we celebrate. May we emulate the outstanding qualities that the noble presidents George Washington and Abraham Lincoln demonstrated. May we also recognize and honor the contributions of black Americans as we celebrate Black History Month during February. Lastly dear Lord throughout all of 2022 we ask that you look out for the safety and security of all of the members of our armed forces. In your name we pray, Amen.

Seconded by Supervisor Gaston. Supervisor Hammond.

Mark Hammond

Thank you, Mr. Chairman. This transformative project will bring a great access to affordable higher education to our residents here in Saratoga County. Although located in the Town of Malta, it will be beneficial for all of Saratoga County to have this institution enhance their presence in the County, through establishment of HVCC North. HVCC North presents new opportunities for our young people

and those looking to earn new skills in high demand programs in health care, STEM and skilled trades. This will attract workers and keep them local to help meet the needs of our local businesses and community. It will help strengthen the shrinking middle class. It is a smart investment that I believe will have a positive impact on our community for years to come. I am pleased to support this resolution. I'm encouraging my colleagues to offer unanimous support of this funding allocation.

Theodore Kusnierz

Thank you, Supervisor Hammond. Supervisor Gaston.

Tara Gaston

Thank you. The reason for my request for a separate vote has nothing to do with the content of the Resolution itself or the work of HVCC, which I very much appreciate in our community. It is actually just a comment on the process. I'm very concerned with the amount of money that we are spending by a Resolution outside of our budget process, which is repeatedly not been our process. And any organization that came to us has asked, has been asked to go through either the nonprofit program or through the regular budget process. Normally I could, I was understanding that this came later. However, there was a letter on the record indicating that prior to us passing the budget last year, that HVCC was advised that this amount of funding would be likely available for them. So this was clearly something that was discussed. And far enough along that it should have been brought to the Board prior to the passage of the budget. That said HVCC should not be punished for the failure of what I believe is the Board to follow its own guidelines. So I will be voting yes for it. But I also hope that the Board in the future folds to our rules and our guidelines, because otherwise this is putting different organizations in different situations. And obviously we want all of our organizations in the County to be treated equally and separately. So I do want to make it clear. I am grateful for this work and for the opportunity for our County. I think that we as an organization should do a little bit better that way. Thank you.

Theodore Kusnierz

Thank you Supervisor Gaston. And Supervisor Barrett.

Phil Barrett

Well, now that that's clear, I just want to commend Dr. Ramsammy and his team. He's here today. Dr. good to see you. I want to commend he and his team for their leadership and doing a great job for their students and for our entire region. I will be fervently supporting this allocation of funds to further educational and training activities here in Saratoga County and look forward to a long and prosperous partnership with HVCC.

Mr. Chairman?

Phil Barrett

Just real quick, I just want to thank everybody for your support of Resolution 85 creating the new positions as part of our comp plan here in Saratoga County as we methodically and expeditiously move toward the build out of our Environmental Health Department. We've made great progress so far and I will continue to keep everybody updated. We make great progress. We've got a long way to go because it is a large undertaking, but just want to thank everybody for their support as we get this very large task done in what will be I think, pretty good time. By the time we're done. So we'll continue to move forward. Thank you, Mr. Chairman.

Theodore Kusnierz

Thank you very much, Supervisor Barrett. And I too wish to express my appreciation for all the work that you have put into this effort. We recently had a conversation with Assembly member Woerner as we work through this process to seek additional funding for the County for this process. We've had interviews for key positions that need to be filled for full service Health Department. And I know Supervisor Barrett will continue to keep us updated. As I began to say, I have no requests for public input. So at this time, I'd entertain a motion to adjourn.
