FOR IMMEDIATE RELEASE

DATE: November 22, 2022

Statement from Saratoga County Chairman Theodore T. Kusnierz, Jr. Regarding Federal Bureau of Labor Statistics Report on County Employment and Wages – Second Quarter 2022
Saratoga, NY, has largest county 2nd quarter 2022 over-the-year weekly wage gain at 16.3%

Saratoga County Board of Supervisors Chairman Theodore T. Kusnierz, Jr. said, “The exciting and encouraging news released today from the Federal Bureau of Labor Statistics proves that Saratoga County is one of the best places to live and work. The Federal BLS identified Saratoga County as leading the nation in average weekly wage gains at an incredible 16.3 percent for the second quarter of 2022. This data is a testament to what we already know; that Saratoga County is open for business. With the lowest sales tax and property tax rates in the State, we continue to attract record growth in our business, manufacturing, and residential communities. We are proud of this distinction, which validates the smart approach to economic development that attracts the top companies, top talent, and top wages.”
