FIRE HYDRANT PERMIT
TEMPORARY WATER SERVICE

Minimum of 48 hours notice required for approvals

Applicant Name: _____	Phone Number: _____
Company Name: _____	
Billing Address: _____	
City: _____	State: _____ Zip Code: _____
Address or location of project/hydrant: _____	
Description of Project and/or need for the use of the hydrant: _____	

Your request for construction water use, for the above referenced hydrant, is approved subject to the following conditions:

1. The applicant agrees:
 - a. To take full responsibility for any repairs to damaged SCWA property.
 - b. That all repairs will be performed by the SCWA and billed to the applicant above.
 - c. The flow of water will be controlled by SCWA and the hydrant in use will not be operated by the applicant.
2. The applicant agrees to use the meter at all times when obtaining water to ensure that all water that is used is metered.
3. Water may only be drawn from the assigned fire hydrant.
4. During operation, only the auxiliary valve will be used for volume control. The hydrant will not be throttled but will be used only in the full open or full closed position. All control of the flow will be done by SCWA personnel.
5. The applicant must comply with all applicable SCWA and AWWA Water Specifications, including back flow prevention and cross connection standards.
6. The applicant must provide proof of insurance at the time of application.

I certify that I have read and understand the above items and I agree to all conditions of this permit.	
The information that I have provided on this permit is true and accurate.
