STATEMENT FROM SARATOGA COUNTY CHAIRMAN OF THE BOARD THEODORE T. KUSNIERZ, JR. ON ESSITY LAYOFF ANNOUNCEMENT

We are disappointed to suddenly learn of today's decision by Essity to close its Saratoga and Washington County facilities. Our Workforce Development team is working closely with the New York State Department of Labor, the Saratoga Warren Washington Workforce Development Board, local Economic Development agencies and chambers to identify potential employers for the displaced employees. We are committed to helping the 208 employees of the facilities located in Saratoga County get back to work as quickly and smoothly as possible.
