THE WRITTEN TEST will be designed to evaluate knowledge, skills and /or abilities in the following areas:

Inspection procedures and principles

These questions test for knowledge of the appropriate practices and methods to use when inspecting various types of building facilities and projects; including proper adherence to plans and codes; dealing with residents, owners, and contractors; and inspection record keeping.

Building construction and rehabilitation

These questions test for knowledge of the various methods and materials used when constructing or renovating various types of buildings and their components.

Understanding and interpreting building plans and requirements

These questions test for the ability to read, analyze and perform computations based on technical drawings and written technical material related to building facilities and projects. All the information needed to answer the questions will be presented in the written material and/or drawings.

Understanding and interpreting codes and ordinances

These questions test for the ability to read and analyze various codes and requirements. Candidates will be provided with written selections related to code provisions (mainly dealing with zoning, housing and property management issues) and will be asked questions based on those reading passages. All the information needed to answer the questions will be presented in the written selections. Candidates will not be required to have any special knowledge related to the content areas covered in the reading selections.
