Bishop House Consulting has developed a unique proprietary people leadership development program, #Leadwell - Building Leaders for Tomorrow, which combines curriculum developed over 20 years with confidential leadership coaching and continual learning over a 2-year horizon. The customized curriculum, which is delivered over 8 class modules, was developed, and is delivered by professional leadership experts providing immediate and sustainable impact for leaders. The program is grounded in the conviction that effective and impactful people leaders require insight into their personal leadership style. Development of that style – in addition to learning and adapting key leadership and management behaviors – ensures that leaders are leading well today and into the future.

In addition to participating in the class modules, each participant receives confidential, individual leadership coaching from experienced leadership coaches. The sessions ensure the leader is leveraging their new skills "back in the real world." This one-on-one development opportunity takes place at critical junctures for the leader during the program.

After the class modules are completed, leaders begin to receive weekly *Leadership Learning Moments*, original blog posts authored by members of the Bishop House team. Leadership Learning Moments provide leaders with knowledge and inspiration regarding the critical role leaders play in the lives of employees. Over 2 years, leaders will receive 104 unique Leadership Learning Moments.

One month after the class modules, leaders will receive the first of 12 monthly **#Leadwell Boosts**, leadership tips, specifically designed for graduates of the #Leadwell program. The messages reinforce leaders' learning.

RESOLUTION 168 - 2023

Introduced by Human Resources and Insurance: Supervisors Tollisen, Butler, Grasso, Lant, Peck, Raymond and Winney

APPOINTING KELLY DEVALLAS ACTING DIRECTOR OF THE ANIMAL SHELTER
AND AUTHORIZING A TEMPORARY INCREASE IN COMPENSATION FOR
DEPUTY CHIEF AUDITOR JULIE BOSLEY FOR ADDITIONAL AUDITOR DUTIES

WHEREAS, Director of the Animal Shelter Penelope Heritage Auditor D'Arcy Plummer retired on May 22, 2023 September 19, 2023; and

WHEREAS, until a successor Auditor is appointed, maintaining continuity in the Auditor's Office is critical as the office performs a variety of important activities to ensure financial transparency and compliance with County policies, procedures and contracts, maintaining continuity in the Animal Shelter necessitates appointing an Acting Director until a successor Director of the Animal Shelter can be appointed by this Board; and

WHEREAS, Kelly Devall Julie Bosley currently serves in the position of Deputy Director Chief Auditor and has assumed many of the duties of the Auditor role since the retirement of the previous incumbent of the Animal Shelter; now, therefore, be it

RESOLVED, that Kelly Devall be and she hereby is appointed Acting Director of the Animal Shelter, with all the powers and duties of the Director, commencing May 23, 2023 and continuing until such time as a new Director is appointed by this Board and assumes the duties of the position; and it is further

RESOLVED, for fulfilling the additional duties and responsibilities of the position of Acting Director Auditor, commencing May 23, 2023 September 20, 2023, Kelly Devall-Julie Bosley shall be compensated at the temporary rate of \$41.74 (Management Compensation Plan Grade 17 base of \$86,815) per hour as a salaried employee until such time as a new Director Auditor is appointed and assumes the duties of the position; and it is further

RESOLVED, that this Resolution shall take effect immediately.

Michelle Granger, County Attorney Saratoga County 40 McMaster Street Ballston Spa, New York 12020

Re: Legal Services for Labor Matters and Consultant Matters

Dear Michelle:

I am pleased that Saratoga County would like to continue to retain our law firm to provide legal services in connection with labor matters and consultant matters. This engagement letter is intended to explain the scope of the services we have agreed to perform, the fees to be charged together with our billing practices, and the County's rights with regard to any disputed fees.

We are engaged to provide legal services to Saratoga County in connection with all labor matters and certain consultant matters. We have not been retained to advise Saratoga County in other matters or other areas of law, except for certain ongoing matters for which we have entered into a separate engagement letter, and we will act only in connection with this matter in accordance with the terms contained herein unless otherwise instructed by you. I will be the primary attorney responsible for providing the services to Saratoga County.

For the basic services outlined herein, we would bill the sum of \$7,000 per month commencing January 1, 2024 and continuing through December 31, 2025 for the following legal services: all labor relations matters and labor advice, including any negotiations with any or all bargaining units, the handling of all grievances up to a demand for arbitration, the investigation of harassment or discrimination claims against the County up to a maximum of 4 investigations in each calendar year, and all health insurance plan design matters, excluding any litigation or proceedings before an administrative agency, hearing officer, arbitrator, or the courts, or Civil Service Law Section 75 disciplinary charges and hearings or investigations beyond 4 per calendar year. Our firm will also bill any costs or disbursements which we may incur on the County's behalf in connection with our representation. Our costs and disbursements may include mileage and travel related expenses,

postage, long distance telephone calls, photocopying, and expert fees. For significant disbursements, we may require payment directly from the County to the vendor. Any fees or disbursements not paid within thirty (30) days of the billing date will be subject to a late charge of three quarters of one percent (0.75%) per month. However, in the event there were any matters involving litigation or proceedings before an administrative agency, hearing officer, arbitrator or the courts, or Civil Service Law Section 75 disciplinary charges and hearings, or investigations beyond 4 per calendar year our law firm would bill for such additional services at the rate of \$250 per hour for attorneys' time, and \$190 per hour for paralegal time, or we would mutually agree on a separate flat fee for the particular matter at the time that it occurs.

While we seek to avoid any fee disputes with our clients, and rarely have such disputes, in the event such a dispute does arise, you are advised that Saratoga County has the right, at its election, to seek arbitration to resolve the fee dispute. In such event, we shall advise you in writing by certified mail that Saratoga County has 30 days from receipt of such notice in which to elect to resolve the dispute by arbitration, and we shall enclose a copy of the arbitration rules and a form for requesting arbitration. The decision resulting from arbitration is binding upon both Saratoga County and this firm.

Please sign on the appropriate line below and return one signed original to me.

We look forward to the opportunity to continue to represent Saratoga County.

Sincerely,

& RHODES P.C.

Section 1 of this proposal contains our completed Response Sheet and the other pages in the RFP packet.

• Background information on your company and its experience in providing actuarial worker's compensation services, with an emphasis on governmental employers.

Select Actuarial Services is a limited liability company registered in Tennessee under the name SAS, LLC, dba Select Actuarial Services. It was founded in 1999 and is co-owned by seven partners, four of whom are founding members. Along with the seven current partners, we have six other actuarial staff. We are a majority women owned business and our offices are in Nashville, Tennessee. Our project work will be performed in our office in Tennessee, and we will travel to meet with you to present the results of our analysis. We have been performing the requested services in the County of Saratoga RFP since our inception in 1999.

Select Actuarial Services is an independent consulting firm providing expert, professional casualty actuarial services necessary to the sound management and administration of risk management and insurance programs. We serve a vital role in helping organizations measure their cost of risk, and, ultimately, achieve their risk management and business objectives. We provide a full range of actuarial expertise for lines of coverage including Workers Compensation, General Liability, Automobile Liability, Property, Professional Liability, Public Officials' Liability, Law Enforcement Liability, Trade Credit, Management Risk, Cyber Liability, and many more.

Our staff consists of:

- 13 employees
- Six Fellows of the Casualty Actuarial Society
- Two Associates of the Casualty Actuarial Society
- Eight Members of the American Academy of Actuaries
- Four Actuarial Analysts

Our work is done in-house, and we will not use any subcontractors or third parties to perform our services. Our long-term success is founded on the ability to provide a quality product in a timely manner.

Should an event arise, that could result in a delay to the study, another team member is always ready to step in to prevent that delay.

Select Actuarial Services establishes long-term client relationships, providing experienced and dedicated professionals who understand the client's actuarial consulting needs. We establish open communication right from engagement to allow us to customize the analysis in a way that the client understands...clear and straightforward. The result of this partnership approach is a flexible, productive client relationship where actuarial services do not operate in a vacuum, but rather are an integral part of the risk management process. We are a team-oriented company, with each member prepared to help make sure that clients get what they need, when they need it.

Select Actuarial Services primarily serves and specializes in the alternative risk market. From this position we mostly assist risk-bearing entities that are not traditional insurance companies. In addition to risk retaining public entities and public entity pools, our clients include large publicly traded corporate companies, privately held corporate companies, risk retention groups, self-insured groups, single parent captives, and group captives. The size of these accounts vary widely from accounts with one line of business and studies performed every other year to accounts with twelve lines of coverage, biannual reserve studies, mid-quarter check-ups and a complex annual rating analysis. Annual spend on risk retained losses vary from a couple hundred thousand per year to over one hundred million per year.

The services we provide for each client vary, but often include a loss reserve analysis and loss forecast for Workers Compensation exposures similar to the County of Saratoga. We regularly attend the National Public Risk Management Association's annual conference, which helps us stay up to date on risks and trends that public entities are facing. Along with National PRIMA, we are also involved in other state PRIMA groups and the New York Self Insurers Association.

The actuarial profession is self-regulated. While there is no governmental regulatory authority that governs our firm's activities, all of Select's actuarial studies meet applicable American Academy of Actuaries Standards of Practice. Select's credentialed actuaries meet the Academy's qualification standards for statements of actuarial opinion and the Academy's annual continuing education requirements. In addition, our internal quality control standards require a thorough peer review by a second credentialed actuary prior to the release of any significant findings.

• Information on the specific individuals who will be performing the actuarial services including the number of years with your company, the number of actuarial assignments with your company and their overall experience and education.

Jack Pipa will be your lead actuarial consultant. Jack is a Fellow of the Casualty Actuarial Society and a Member of the American Academy of Actuaries. Jack is a partner of the firm and is on the services team for several of Select's New York clients. Jack will be supported by Elly Fetters. Elly is an actuarial analyst working her way through the exam process to earn her credentials in the CAS.

In addition to the experience of Select Actuarial Services' team, we are currently in a joint partnership with Practical Actuarial Solutions. PAS' president, Jeff Kadison, is phasing into retirement and slowly transitioning clients to Select Actuarial. With Jeff's experience with Saratoga County, we will pull Jeff in for his perspectives and ideas. As you know, Jeff has been working in government consulting for over 30 years. We are excited to have Jeff as a resource for Select Actuarial and its clients. At your request, we are happy to bring in Jeff for peer review and assistance with ensuring data consistency.

Jack Pipa, Partner, FCAS, MAAA

For many years, Jack has enjoyed the study of mathematics with a keen interest in statistics and probability. After a five-year period in education, he transitioned into the actuarial profession. Jack began his career with Select in October of 2012 and became a Partner in January of 2018.

Jack provides professional actuarial consulting services to a wide variety of clients, including self-insured public and private entities, captives, and risk pools. His primary area of expertise is the reserving and forecasting of losses for a variety of Property & Casualty coverages including but not limited to Workers Compensation, General Liability, Law Enforcement Liability, Public Officials' Liability, and Automobile Liability. He is interested in troubleshooting data quality issues and improving the efficiency of data analysis. Jack enjoys meeting with and getting to know clients in various parts of the country.

Additionally, Jack volunteers as a University Liaison to Middle Tennessee State University for the Casualty Actuarial Society to promote the actuarial profession to university students and provide guidance to students interested in the profession.

- A plan including time frames to provide a yearly valuation and estimates in support of our yearly budgeting process, and additional reports and analyses as requested.

As December 31st approaches, we will provide a data request. The following chart shows a typical project flow. We can adjust this schedule to accommodate Saratoga County's specific due dates.

Week 1	Receive the December 31 st valued loss information along with exposure and other data	
Week 2	Review and compile data	
Week 3	Perform analysis and peer review & issue draft report	
Week 4	Discuss & update report as need; issuance of the fin	

Subsequent to the issuance of the draft report, we are happy to meet with you in person or via videoconference to discuss the results of our analysis. For any additional work requested outside the

scope of this analysis, we will be sure to discuss the project timeline, data requirements, and cost upfront. Depending on the complexity of the requested work, project turnaround can range between one and four weeks from the time that the required data is received.

Total All-Inclusive Maximum Price

The major part of expenses associated with the scoped engagement will be a consequence of the time spent on the studies by our professional staff. We propose the following fee schedule for the five year engagement:

Project	Annual Fee
Year 1 – Reserve and forecast for Workers Compensation	\$9,000
Year 2 – Reserve and forecast for Workers Compensation	\$9,000
Optional Year 3 – Reserve and forecast for Workers Compensation	\$9,200
Optional Year 4 – Reserve and forecast for Workers Compensation	\$9,200
Optional Year 5 – Reserve and forecast for Workers Compensation	\$9,200
Annual in-person meeting each year	Included
Five Year Grand Total	\$45,600

These fees are all-inclusive. We do not bill by the hour, and you will never be billed for phone calls, emails, or any other discussion regarding your study. Our study includes one in person meeting per year to go over our report and answer any questions that you have. With Select, you are a valued business partner, not a client number.

While we do not bill by the hour for the main projects outlined in this proposal, any ad-hoc reports or additional work that is requested by Saratoga County will be based on the hourly rates in the table that follows, and the time spent. Project scope and fees will be discussed and agreed upon prior to the start of any additional requested project. For most assignments, we are happy to agree upon a fixed cost and many of our clients find this helpful for budgeting purposes.

Team Member	Role	Hourly Rate
Jack Pipa	Consulting Actuary	\$275
Elly Fetters	Additional Support	\$150

• Any other value-added services or capabilities including any analysis you can provide regarding workers compensation plan design options.

As a consultancy, we will bring to your attention any additional services that we believe could benefit the County. Additional services that we provide to our clients that ultimately help them better manage their program and, in the long term, save them money include:

- Capital adequacy study
- Retention and deductible relativity study
- Forecast losses at various self-insured retentions and confidence levels to assist with insurance renewals
- Cost allocation to departments
- Calculation of experience modification factor (XMod)
- Impact studies for law changes (example: changes to presumption claims)
