**STATEMENT FROM SARATOGA COUNTY CHAIRMAN OF THE BOARD PHIL BARRETT ON QUAD
SARATOGA CLOSING ANNOUNCEMENT**

We are disappointed to learn today of Quad Graphic's decision to close its Saratoga Springs facility. As the lowest taxed county in New York State, Saratoga County does everything possible at the local government level to maintain positive policies that keep the cost of doing business low here.

The Saratoga County Department of Workforce Development will work to identify new career opportunities for displaced employees and the County will continue to work closely with Saratoga County Economic Development Corporation and our local Chamber of Commerce to attract new private sector business investments in Saratoga County.
