RESOLUTION 93 - 2024

Introduced by Public Works: Supervisors K. Veitch, Ball, Connolly, Edwards, Fish, Grasso and Madigan

AUTHORIZING THE COMMENCEMENT OF PROCEEDINGS PURSUANT TO EMINENT DOMAIN PROCEDURE LAW, ARTICLE 4, IN CONNECTION WITH THE COONS CROSSING ROAD OVER ANTHONY KILL BRIDGE REPLACEMENT PROJECT (P.I.N. 1761.78; SA317) IN THE TOWNS OF HALFMOON AND STILLWATER, COUNTY OF SARATOGA, STATE OF NEW YORK

WHEREAS, the County of Saratoga (“County”) owns and is responsible for the maintenance and repair of the bridge (B.I.N. 2202750) (“Bridge”) that carries Coons Crossing Road over the Anthony Kill in the Towns of Halfmoon and Stillwater, Saratoga County, New York; and

WHEREAS, the Bridge is a 31-foot long, single span, pressed concrete box beam bridge with a concrete deck on concrete abutments supported on spread footings, and carries Coons Crossing Road over the Anthony Kill; and

WHEREAS, the Bridge is narrower than the approach roadway on both sides, and the existing roadway alignment is skewed at the southern approach, causing safety concerns; and

WHEREAS, the structure of the Bridge and its abutments is fair to good, with the concrete deck having a full-length longitudinal crack and both abutments having significant concrete spalls; and

WHEREAS, the Anthony Kill approaches the Bridge at a 45 degree skew, and there is significant scour on the left bank, exposing tree roots and raw embankment material; and

WHEREAS, hydraulic and hydrologic analyses revealed that the Bridge does not meet NYSDOT bridge 2-ft. freeboard requirement for a 50-year or 100-year storm; and

WHEREAS, due to the hydraulic vulnerability, inadequate width and deteriorated condition of the Bridge and the skewed roadway alignment, the County is proposing to replace the Bridge with a new structure consisting of a new, 45 foot span superstructure comprised of new beams with a composite concrete deck and supported on a cast-in-place concrete integral abutment founded on a single row of piles (P.I.N. 1761.78) (“Project”); and

WHEREAS, the purpose of the Project is to restore the structural condition of the bridge carrying Coons Crossing Road across the Anthony Kill; and

WHEREAS, the objectives of the Project are to: restore the bridge condition rating to 5 or greater for at least 75 years using cost effective techniques to minimize the life cycle cost of maintenance and repair; and improve the hydraulic opening, reduce scour vulnerability and reduce the likelihood that the bridge and adjoining roadway will flood; and

WHEREAS, the acquisition of fee and temporary easement interests in adjoining parcels of real property are required for the Project to accomplish the bridge replacement and provide for construction access; and

WHEREAS, in order to accomplish the Project, it is necessary for the County to acquire, among other things, a fee interest and two (2) temporary easement interests in, to, on, over and through portions of Tax Map Parcel ID No. 251.00-1-10 (“Sullivan Parcel”); and

WHEREAS, the areas of the temporary easement interests sought in a portion of the Sullivan Parcel are approximately 441 square feet and 766 square feet, respectively; and

WHEREAS, the purpose of acquiring the temporary easement interests in portions of the Sullivan Parcel is to allow for access for the demolition and replacement of the Bridge; and

WHEREAS, as part of the Project, the areas of the temporary easement interests will be restored; and

WHEREAS, the fee interest that the County seeks to acquire in and to a portion of the Sullivan Parcel is an approximately 427 square feet, strip parcel situated immediately adjacent to the eastern highway boundary of Coons Crossing Road; and

WHEREAS, the purpose of acquiring fee interest in and to a portion of the Sullivan Parcel is for use in the construction of the new, wider bridge; and

WHEREAS, in accordance with the provisions of Article 3 of the EDPL and the Uniform Act and its implementing regulations, the County caused to be appraised the aforementioned real property interests sought to be acquired in, to, on, over and through portions of the Sullivan Parcel, and thereafter established an amount which the County believes represents just compensation for such real property interests; and

WHEREAS, the County has conveyed to the joint owners of the Sullivan Parcel, a written offer to purchase the aforementioned real property interests for 100% of the County’s highest approved appraised values for such real property interests; however, not all of the owners of the Sullivan Parcel have accepted the County’s offer, and the offer now is deemed rejected; and

WHEREAS, because the County is not able to acquire by purchase the aforementioned real property interests in, to on, over and through portions of the Sullivan Parcel, the County must acquire such real property interests by means of its exercise of the right of eminent domain in order to accomplish the Project; and

WHEREAS, in order to acquire the aforementioned real property interests by means of eminent domain, the County must comply with the provisions of the New York Eminent Domain Procedure Law (“EDPL”); and

WHEREAS, EDPL Article 2 requires, as a condition precedent to acquiring title by means of an EDPL Article 4 proceeding, that the County conduct a public hearing to inform the public and to review the public use to be served by the proposed project and the impact on the environment and residents of the locality where the proposed project will be constructed unless such project is exempt from the EDPL Article 2 hearing requirements in accordance with EDPL Section 206; and

WHEREAS, EDPL §206 (A) provides that the County is exempt from compliance with the provisions of the EDPL Article 2 hearing requirements when, pursuant to other state, federal, or local law or regulation, it considers and submits factors similar to those enumerated in Article 2, subdivision (B) of section 204, to a state, federal, or local government agency, board, or commission before proceeding with the acquisition and obtains a license, a permit, a certificate of public convenience or necessity, or other similar approval from such agency, board, or commission; and

WHEREAS, the factors enumerated in EDPL Section 204 (B) are as follows:

- 1) the public use, benefit or purpose to be served by the proposed public project;
- (2) the approximate location for the proposed public project and the reasons for the selection of that location;
- (3) the general effect of the proposed project on the environment and residents of the locality;
- (4) such other factors as it considers relevant; and

WHEREAS, the Project is being funded, in part, by the Federal government with funds administered by the Federal Highway Administration (“FHWA”); and

WHEREAS, because of the Federal funding involved, the Project is subject to compliance with the provisions of the Uniform Relocation Assistance and Real Property Acquisition Act of 1970 (“Uniform Act”); and

WHEREAS, the Project is being progressed by the County, with oversight by the New York State Department of Transportation (“NYSDOT”) and in close coordination with the FHWA, in accordance with the requirements of the NYSDOT “Procedures for Locally Administered Federal Aid Projects” manual, Project Development Manual and other applicable NYSDOT documents; and

WHEREAS, in order to progress to the Project through the project design phase, it was necessary for the County to obtain from NYSDOT and FHWA approval that the County has satisfied the requirements of the NYSDOT “Procedures for Locally Administered Federal Aid Projects” manual and other applicable NYSDOT documents, as well as Federal laws and regulations; and

WHEREAS, the County, in conjunction with its consultant, completed a Final Project Scoping Report/Final Design Report (“Final Design Report”) for the Project in June, 2022, and submitted the Final Design Report to FHWA and NYSDOT for approval; and

WHEREAS, the Final Design Report for the Project clearly sets forth the public use, benefit or purpose to be served by the Project, the approximate location for the Project, the reasons for the selection of that location and other information relative to the Project; and

WHEREAS, in the course of progressing the design of the Project, and as is more fully set forth in the Final Design Report, the County examined and considered the social, economic and environmental consequences of the Project and activities associated with the Project, including its impacts on: local residents; other affected populations; school districts; recreation areas; places of worship; businesses; police, fire and ambulance services; highway, traffic and overall public safety and health; social groups; regional and local economies and business districts; surface waters; water source quality; general ecology; wildlife; historic and cultural resources; farmlands; and visual resources; and

WHEREAS, the County submitted the Final Design Report to NYSDOT and FHWA for their concurrence and approvals, following which both FHWA and NYSDOT completed a review of the Final Design Report and approved the County’s preferred alternative; and

WHEREAS, FHWA and NYSDOT completed a review of the Final Design Report, and FHWA has provided preliminary project approval to the County and issued Design Approval and an Authorization to Proceed With ROW Acquisition, meaning that Federal funding for those activities has been authorized; and

WHEREAS, Federal and State requirements for projects such as the Project include a mandate that the County undertake the action and satisfy the requirements of the National Environmental Policy Act (“NEPA”) as a condition precedent to the issuance of Final Design Approval and Right-of-Way Authorization for the Project; and

WHEREAS, in satisfaction of its obligations under NEPA and FHWA regulations, the Project is being progressed in conjunction with NYSDOT and FHWA as a Class II Action (Categorical Exclusion) because the Project will not induce significant environmental impacts, and it meets the conditions and criteria for a NEPA Class II Categorical Exclusion in accordance with 23 CFR 771.117; and

WHEREAS, NYSDOT, on behalf of FHWA, has determined that the Project will not cause significant environmental impacts, and it meets the conditions and criteria for a NEPA Categorical Exclusion; and

WHEREAS, the County has satisfied the requirements of 23 CFR 771.129 in regard to the evaluation of the Project under NEPA; and

WHEREAS, in accordance with 6 NYCRR Part 617.5, the County has determined that the Project is a SEQRA Type II Action per 6 NYCRR Part 617.5(c)(2), as it involves the “replacement rehabilitation or reconstruction of a structure or facility, in kind, on the same site”, as a consequence of which no further SEQRA processing is required; and

WHEREAS, in order to accomplish the Project, the County will have to obtain from the New York State Department of Environmental Conservation (“NYSDEC”) an Article 15 Protection of Waters Permit, an Article 24 Freshwater Wetland Permit and Water Quality Certification, as well as an Army Corps of Engineers Nationwide Permit #3; and

WHEREAS, the Federal and State statutory and regulatory structures relating to Federal Aid Transportation Projects require the examination and consideration of land-air-water environmental, social, economic, historic and cultural factors as a condition of approving a project such as the Project to progress to Final Design and Right-of-Way acquisition phases; and

WHEREAS, in light of the several written approvals of FHWA and NYSDOT following the County’s consideration and submission to those agencies of factors similar to those set forth in EDPL §204 (B), as required by Federal statute, FHWA regulations and NYSDOT statutes, regulations and policies, the County has satisfied the criteria set forth in EDPL §206 (A) and, therefore, is exempt from the requirement to hold an EDPL Article 2 hearing; and

WHEREAS, EDPL §206 (D) provides that the County is exempt from compliance with the hearing and determination and findings requirements of EDPL Article 2 “when in the opinion of the [County] the acquisition is de minimis in nature so that the public interest will not be prejudiced by the construction of the project or because of an emergency situation the public interest will be endangered by any delay caused by the public hearing requirement in this article”; and

WHEREAS, the portions of the Sullivan Parcel in which the County seeks to acquire real property interests are small in area; and

WHEREAS, the Project and the nature and extent of the County’s acquisition of the aforementioned real property interests in, to, on, over and through portions of the Sullivan Parcel are di minimis in nature such that the public interest will not be prejudiced by the construction of the Project; now, therefore, it is hereby

RESOLVED, that the Board of Supervisors of the County of Saratoga has considered all relevant information pertaining to the proposed Coons Crossing Over the Anthony Kill Replacement Project and has determined the project development process implemented by the County, as well as the approvals necessarily obtained from FHWA and NYSDOT and the nature and extend to the proposed acquisitions of real property interests, qualify the County and the Project for exemptions from the hearing requirements of EDPL Article 2, pursuant to EDPL Section 206 (A) and (D); and it is further

RESOLVED, the County hereby authorizes and directs the Commissioner of the Saratoga County Department of Public Works, or his designee, to take such steps and perform such acts as are necessary for the County to acquire the real property right-of-way interests in, to, on, over and through portions of the Sullivan Parcel, as may be necessary to accomplish the Project, including acquisition by exercise of the right of eminent domain in accordance with the provisions of the EDPL; and it is further

RESOLVED, that this Resolution shall take effect immediately.

RESOLUTION 117 - 2024

Introduced by Law and Finance: Supervisors M. Veitch, Edwards, Grasso, Lant, Ostrander, Tollisen, and K. Veitch

OPPOSING SENATE BILL S4545 AND ASSEMBLY BILL A3069 THAT ATTEMPT TO CONSOLIDATE THE 109 INDUSTRIAL DEVELOPMENT AGENCIES INTO 10 REGIONAL INDUSTRIAL DEVELOPMENT AGENCIES

WHEREAS, Senator Skoufis sponsored Senate Bill S4545 and Assemblywomen Wallace sponsored Assembly Bill A3069 as Acts to amend General Municipal Law in relation to establishing regional industrial development agencies; and to repeal certain provisions of such law relating thereto; and

WHEREAS, said Acts would force the three active Saratoga County industrial development agencies (IDAs), including the Saratoga County IDA, the Clifton Park IDA, and the Mechanicville Stillwater IDA, to disband and be consolidated into a “Capital Region” Industrial Development Agency covering an 8 county Economic Development Region consisting of Albany, Columbia, Greene, Rensselaer, Saratoga, Schenectady, Warren and Washington counties; and

WHEREAS, said Acts’ sponsoring memos provide very limited justification for this legislation by mentioning only concerns regarding IDA applicants “shopping around” amongst IDA’s with overlapping jurisdiction to attempt to obtain the “best deal”; and

WHEREAS, the members of the Saratoga County Industrial Development Agency (SCIDA) have submitted correspondence to Chairman Barrett that they are adamantly opposed to the proposed legislation given that the effect of these bills if enacted would be to strip decision making from individuals appointed to local industrial development agencies; and

WHEREAS, these local IDA members who have vested interests in the communities in which they live and are far more knowledgeable of the local economic development priorities as compared to a 15 member regional agency spanning counties; and

WHEREAS, many of these 15 appointed members of the regional agency could not be expected to be familiar with Saratoga County and the communities served by our three existing local IDAs; and

WHEREAS, accountability for actions taken by industrial development agencies should be vested in individuals who love and work in affected communities and understand the local economic development landscape; and

WHEREAS, the Saratoga County IDA already has a long standing policy that it would not undertake any application for financial assistance in a community served by another IDA unless that IDA makes a written request that SCIDA undertakes that project, thereby eliminating the concept of applicants “shopping around” for a better deal; and

WHEREAS, neither the Saratoga County IDA nor the Saratoga County Board of Supervisors are aware of any attempted instances of “shopping around” within the County and furthermore do not believe that this is a widespread issue across New York State; and

WHEREAS, the Saratoga County Board of Supervisors agrees with the Saratoga County IDA that keeping local decision making on important economic development priorities is imperative and a pillar of local government control accountable to its residents; now therefore be it

RESOLVED, that the Saratoga County Board of Supervisors hereby opposes Senate Bill S4545 and Assembly Bill 3069 that attempt to consolidate all 109 local Industrial Development Agencies into ten Regional Industrial Development Agencies; and, be it further

RESOLVED, that certified copies of this Resolution be forwarded to Governor Hochul, Senate Majority Leader Andrea Stewart-Cousins, Assembly Speaker Carl Heastie, Senator James Tedisco, Assemblymember John McDonald, Assemblywoman Carrie Woerner, Assemblymember Matt Simpson and Assemblywoman Mary Beth Walsh.
