# Saratoga County

## A Brief History

By Lauren Roberts, County Historian

Saratoga County was formed from lands previously belonging to Albany County on February 7, 1791. These lands included most of the Kayaderosseras Patent granted by Queen Anne to 13 of her “loving subjects” in 1708. Saratoga County occupies an important geographical position; bounded on the north and east by the Hudson River and the south by the Mohawk River, the confluence of these two great waterways have made the County a prime destination in times of both war and peace. The northwestern portion of the county is a mountainous area located within the Adirondack Park, while many important rivers and streams such as the Sacandaga and Kayaderosseras dominate the fertile valley areas. The diverse geography of this County has made it appealing to many different people who have chosen to call Saratoga County home.

The Mohawks of the Iroquois Confederacy used this area as hunting and fishing grounds before the Europeans settled here. Many waterways and well-worn Native American trails were used during the French and Indian War (1755-1763) and during the American Revolution. In the Fall of 1777 British troops led by General John Burgoyne were headed south along the Hudson River when they encountered a large number of Americans entrenched at Bemis Heights. After two battles, the Americans were victorious and General Burgoyne surrendered to the Americans, led by General Horatio Gates on October 17, 1777. The Battle of Saratoga became famously known as the turning point of the American Revolution.

Saratoga County sits on a geological fault line from which mineral springs push forth to the surface. These mineral waters were thought to have healing powers by the Native Americans and eventually became a much sought-after resource for European settlers here as well. Ballston Spa became a well-known destination for visitors hoping that the medicinal effects of the mineral springs would heal their diverse ailments. Hotels and railroads were built to accommodate the multitudes of summer visitors. Eventually, Saratoga Springs would trump Ballston Spa as the “Queen of the Spas” and enjoyed much prosperity through the Victorian Era. Summer visitors came to Saratoga Springs to “see and be seen” by others. Along with the various drink halls, fountains, and bathhouses, Saratoga Lake and the Saratoga Racetrack became other popular destinations for those visiting the area during summer months.

Saratoga County is filled with various museums, historic sites and parks that preserve the rich history of this area. Both visitors and residents alike enjoy the diverse environmental and historic attractions Saratoga County has to offer.

# Town of Ballston

Street Address: 323 Charlton Road, Ballston Spa, NY 12020  
Mailing Address: PO Box 67, Burnt Hills, NY 12027
